REPRESENTATIVES AT CONVENTION:

Ann Huston, Meg White, Matt Laurence

DATE: February 4, 2005

RESOLVED, that any "Support for Youth" program budget remaining at the end of the fiscal year be rolled over into a permanent account to be used by diocesan youth ministry: and be further

RESOLVED, that these funds are delegated for the sole purpose of providing scholarships and subsidies to youth participating in diocesan, provincial, and national youth events.

EXPLANATION OF RESOLUTIONS:

The Youth Action Council would like to follow the examples of several other dioceses in Province IV and allow money that would normally be absorbed at the end of the year to be retained for use in helping youth attend retreats. A permanent scholarship account was created a few years ago with money from a checking account that was closed out. This account has been tapped, but there has been no source to replenish its funds. YAC sponsored events maintain a policy that cost shall never be a reason for a young person to miss a youth event, though subsidies are generally absorbed into operating costs as best as possible since the existing scholarship account is finite.
